

Daily Band Rehearsals

- Arrive in band room
- Check the board for information
- In either order:
 - o Go straight to locker room to get your instrument, music, and a PENCIL
 - o Grab a chair and music stand
- Once seated, double check the board and get your music in order
- Start warming up on your own until Mr. Cartner gives a down beat.
- **YOU MUST BE IN YOUR SEAT WITH ALL MATERIALS WITHIN 3 MINUTES OF THE BELL**
 - o Tardy and lost participation points will occur if not seated.

~ Unless you need music, a reed, a pass to the nurse, or other do NOT come to the office. This is my last minute prep time for class.

~Use the bathroom during the passing period before or after class. I will count you tardy if you are late to the 3 minute mark.

- F Pivot Warm-up (Begin to adjust your focus towards music.)
- Mini Music Theory Lesson (These will help making music easier!)
- Warm-up (long tones, scales, etc. We will apply some of the music theory.)
- Tuning (Helps to center the pitch of the band.)
- Rehearsal of concert pieces (This is the culmination of the previous steps. Applying information gathered from the previous steps will help us to effectively rehearse and master the music.)
